

# End User License Agreement

## Trial license

EULA v1.1 [October 2022]

## General

This is a Font Software End User License Agreement between you, the downloader and me, Tomas Castiglioni. By downloading and installing the digital typeface software, you accept the terms of this agreement. If you do not accept the terms, you cannot download, request or use any font.

By agreeing to this agreement you receive a trial license including a limited set of font styles to use for self-initiated, non-commercial work, preview and evaluation purposes, pitches and competitions, presentations within your company, client's presentations or student work with educational purposes to demonstrate the potential use of the fonts. You are not receiving the copyright to the design or the ownership of the fonts, but the rights to use as specified in this agreement. If you need to use the font for commercial purposes you can purchase a full version license in my website.

You can make archival copies of the fonts for your own purposes, but you shall not distribute the fonts to any person outside of your organization. The fonts must not be embedded in other software files and you will take all reasonable care to embed the fonts in such a way that they cannot be extracted from the files you create.

You may not modify the fonts for your own purposes in any case. You may not commission a third party to modify the fonts and you may not distribute, sell or give away, share any versions of the fonts. Please contact me for customization service to all of my typefaces, from just a few glyphs to whole families and I'll send you a price quote for the job.

If you do experience any difficulties with these fonts, I will look into the problem and do everything that I can to work with you to resolve any issues. I do not guarantee that the font files work perfectly on every platform, operating system, etc. You are using the fonts on your own risk.
